

BELL IS ON TRIAL

The Evidence Against Him Is Damaging.

MRS. HAZLETINE'S TESTIMONY

Makes a Strong Case Against the Colored Porter Who Is Charged With Grand Larceny.

William Bell, arrested on suspicion of having stolen several articles from the Hazletine residence during the bouillabaisse wedding, was arraigned in police court yesterday morning. Dr. Hazletine, who is the husband of the bride, testified that he saw Bell come out of the ladies' dressing room and asked him what he was doing there. The question was a stunner for Bell, but he finally managed to mumble something to the effect that he had gone in there to lay a ladies' cloak on the bed. She went into the room and saw that there had been no cloak put in there. She also found some bureau drawers open and the contents mixed up. Later she had occasion to use her pocketbook, and on opening it found that her money was gone.

Miss Perkins identified the bracelet as the one belonging to her, and gave its value at about \$200. It is a beauty, and the dazle of the diamonds was so different from anything the court was used to that it nearly stunned the officers.

George Stewart, the head waiter, was also on the stand and said that Bell acted suspiciously and was seen to leave the house several times during the evening. Patrolmen Lynch and Moffat, who were on duty at the wedding, testified as to the finding of the stolen goods under a pile of lumber in the rear of the barn.

The case was adjourned until Tuesday, when other witnesses will be put on the stand.

FIGHT AT A DANCE.

Two Ada Men Add Excitement to a Ball.

As the result of a row at a dance given in the Ada hotel, Friday night, Joseph W. Mowat is in jail charged with making a deadly assault on Charles Evans. Both men are farmers in the township of Ada. Hot words had frequently passed between the two men but no blows had ever been struck up to this time. During the evening Evans made himself particularly obnoxious and dared Mowat to go out and fight. Mowat secured a small stick which he sharpened at one end, with which he defended himself. After the dance Evans advanced toward Mowat, who immediately struck him. When the fight over Mowat was lying senseless, and Evans was so badly cut about the scalp and neck that it was necessary to take seventeen stitches in the wounds.

Adjourned Until Tuesday.

The case against King of the County Line hotel had but a short airing in the circuit court yesterday. Four witnesses were sworn and their statements were materially the same as those of previous witnesses. The parties have left for home to spend Sunday and the fair Eva will not be expected to listen to the charges against her capacity as a beer drinker until Tuesday.

They Argued About It.

A warrant was issued yesterday for Henry Fuller, charged by S. L. Baldwin with assault and battery. Baldwin has charge of an estate in which Fuller is interested, and recently while making an inventory of the effects, had some words with Fuller. He now asks for Fuller's arrest.

Want a Foreclosure.

The Marengo Manufacturing company has commenced foreclosure proceedings against the firm of David Coleman & Son, who gave them mortgage on certain property in this city for the amount of \$1,979.17, to secure them for goods bought and property rented.

They Stole Goods.

Two boys, whose names are Elijah and Wesley Bell, were arrested last night charged with larceny. They had broken into a carpenter's chest, left in a new house in the south end, and stolen tools.

Capt. Went's New Bathrooms.

The public generally, and his old-time patrons in particular, will be glad to know that Captain Went, late of the Eagle hotel barber shop, has opened one of the finest barber shops in the city, in connection with his new shop under the Cadillac, on Waterloo street.

IT The idea of being able to SEEMS leave home in the morning, TO spend the afternoon in Chicago, and return the same night, seems to present great many people who will take advantage of the opportunity offered by the Chicago & West Michigan Ry low rate excursion on June 7.

To a great many the trip will be a novelty. Something which they perhaps have longed for, but which heretofore has been almost impossible owing to the expense consequent on a trip which it takes them two days or more to make.

To such this opportunity will be welcome, as they can make the trip in one day and be back home the same night, having seen considerable of the great city and the magnificent world's exposition building and grounds at comparatively small expense.

This excursion is especially suitable for young people who can organize a party of congenial spirits and enjoy a very pleasant holiday in this manner.

The fact that the trip is made in one day, going in the morning and returning home the same night, renders possible such a trip as would not perhaps be advisable if it were necessary to remain away from home over night. It will be an opportunity which may not again occur this summer of seeing at so small an expense the great world's fair buildings, several of which are now nearly completed. In short, this excursion will "fill a long felt want."

So to speak, of many who desire to see the buildings in which next year will be held the greatest exposition ever projected. The train will leave Union station at 6:30 a. m., June 7, arriving in Chicago via Michigan Central railroad about 12:30 p. m., and passing en route the world's fair grounds and buildings, all in plain view from the train.

Returning trains will leave Chicago at 6:30 p. m., giving six hours for sight seeing. Round trip fare, \$3.70.

Waves Mountain High.

Or something less than that, during a storm, the waves of the venturous voyager on the tempestuous Atlantic. Sometimes he is torn with deep despair at such a juncture, sometimes he is rather glad of it. The latter condition of mind obtains when he is sea sick. The waves, or rather the sea, which he is under, and which are now aggravated ten fold by the pitching of the ship, render him in a measure indifferent to his fate. This picture is severely exaggerated, as people who have been violently sea sick will assure you. Travelers and tourists by sea and land should always be provided with Hostetter's Stomach Bitters, as a means of counteracting sea sickness and the nervous disturbance or stomachic trouble, the source of uncomfortable transit by land or water, or the headache, dizziness, nausea, stomachic liver and bowel complaints, kidney trouble and rheumatism.

A Great Chance for Young People to see the sights of Chicago, including the magnificent world's fair grounds and buildings, will be offered in the excursion over the Chicago & West Michigan railway on June 7. We hear of numerous parties being organized for this trip, which will be made in one day.

That Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle.

The Line of Lakes.

The above name has been applied to the Wisconsin Central lines on account of the large number of lakes and summer resorts tributary to its lines. Among some of the well known summer resorts are Fox Lake, Ill., Lake Villa, Ill., Waukegan, Mukwonago, Cedar Lake, Neenah, Waupaca, Fishel, Butternut and Ashland, Wis. These lakes abound in numerous species of fish, such as black bass, rock bass, pickerel, pike, perch, muskallonge, while sportsmen will find an abundance of game, such as ducks, geese, quail, snipe, etc. In the grandeur of her scenery, the charming beauty of her rustic landscapes and the rare perfection of her summer climate, the state of Wisconsin is acknowledged to be without a peer in the union. Her fame as a refreshing retreat for the over-heated, careworn inhabitants of the great cities during the midsummer months, has extended southward as far as the Gulf of Mexico and eastward to the Atlantic. Pamphlets giving valuable information can be obtained free upon application to A. A. Jack, D. P. A., Detroit, Mich., or James C. Ford, General Passenger and Ticket Agent, Chicago, Ill.

Lilly White Flour Is made from the choicest wheat.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind, colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

PAINFUL OPERATIONS

Holes Burned in the Body by Electric Wires.

Dr. French Heals Them Up and Cures the Sufferer.

A tale of suffering and torture has just come to the notice of the writer that will be of great interest to every one in the land, not only because it tells of the tortures and indignities to which the weaker sex is subjected by certain physicians called "regulars," but to throw a little light on the subject of rational treatment of the diseases peculiar to the female organism. Washing to be brief and explicit we will give the story as related by the lady herself, who considers herself rescued from the jaws of a living death through some power she does not even attempt to explain. Her own words were: "I cannot explain—it is all so strange; and yet I am so wed now. Some eight years ago I began to suffer from enlargement and inflammation of the ovaries. I consulted the best physicians without any benefit. I grew gradually worse until I could not walk or stand. The suffering was so intense that I could not lie on my right side. Later on my troubles became complicated, my stomach and abdomen became bloated and painful. The doctors applied hot applications, blisters, iodine injections and morphine, but all to no purpose. They said it would be necessary to operate and showed me where the holes must be made, which made me shudder with fear. Then an electric doctor was called. He applied electricity with red hot wires, actually burning deep holes into my flesh till I lay on my back in despair. At last I read of the wonderful cures made by Dr. French at the Vendome. I told my husband I would try this magnetic treatment as a last resort. Several tried to discourage me by saying I would be made worse; that he was only a quack and a humbug and all that. But there I was without a movement of the bowels in two weeks, so I had to go without the consent of my friends. This was less than three weeks ago and today, thanks to my Heavenly Father and this wonderful phreidian, I am cured. In justice to my friends who advised me not to go to Dr. French, I will say that they were merely mistaken. Now they are as loud in praise of Dr. French and magnetism as I am."

The lady thus wonderfully cured is Mrs. Rolster, 225 Fifth avenue. Such cures as these speak volumes for the man who is able to perform them.
